MORRIS MAY GO TO SOUTHWESTERN

Superintendent of Santa Fe's Rio Grande Division May Transfer.

RUMOR NOT CONFIRMED, HOWEVER

The El Paso Herald, in its issue of last evening prints the following article, relative to the probable transfer of Superintendent L. U. Morris of the Rio Grande division of the Santa Fe with headquarters at San Marcial, to division superintendent of the El Paso & Southwestern railway:

L. U. Morris, the lately appointed superintendent of the Rio Grande division of the Santa Fe, is said to be about to enter the service of the Southwestern, presumably as division superintendent. The report was not confirmed at the office of the general manager of the Southwestern today.

In case Mr. Morris becomes superintendent of one of the divisions of the Southwestern, it is said that he will succeed Mr. Hunter. There were stories on the street today to the effect that Mr. Hunter intended to go with a northern railroad, perhaps the Chicago & Alton. Others said that he was to be given a higher position with the Southwestern.

The rumors among railroad men today did not name Mr. Morris's successor definitely, although former Agent Woodward of the Santa Fe in this city has been mentioned.

POPULAR SANTA FE EMPLOYEE MARRIED THIS MORNING

At the immaculate Conception church at 10 o'clock this morning, Burton Donnelly, checking clerk at the Santa Fe freight depot in this city, was married to Miss Mamie Shoup, a well known young lady of Albuquerque. The ceremony was solemnized by Father Mandalar, S. J., in the presence of relatives and a few intimate friends of the contracting parties. The newly married couple will leave tonight for a honeymoon trip to California. They will be at home to their friends in a couple of weeks on Baca avenue, where the groom has prepared a cozy home for his bride.

WESTERN RAILROADS ARE CITED FOR CONTEMPT

Contempt proceedings, charging violation of the order of District Judge John F. Phillips, issued in March, 1902, restraining the defendants from interfering with the operation of the interstate commerce law, have been filed at Kansas City, Mo., in the United States district court against the Chicago & Alton, the Burlington, the Missouri Pacific, the Rock Island and the Santa Fe railways. These companies are charged with giving rebates in violation of the restraining order, and the court is asked to cite them for contempt.

The contempt proceedings allege specifically in the case of the Alton, that that company granted rebates amounting to many thousands of dollars on the shipments of agricultural and farming machinery to the International Harvester company, which owns and controls the Decatur Harvester company, the McCormick Harvester company, the Plano Harvester company, the South Chicago Farm company and the Illinois Northern Railroad company. It is alleged that the Chicago & Alton agreed with the Illinois Northern to file with the interstate commerce commission pretended joint tariffs of freight rates effective from Chicago to Missouri river points, for the express purpose of evading the restraining order, and that the Alton did in fact, give to the Illinois Northern, the Rock Island and the Santa Fe rebates in like manner these companies violated the restraining

ing order by giving rebates to the Hutchinson, Kan., Salt company, in collusion with the Hutchinson & Arkansas River railroad, which latter company is controlled and operated by the salt company. These rebates are alleged to have given the salt company 25 per cent of a pretended joint tariff rate upon salt routed to points on the Missouri river.

The charges were filed by A. Van Valkenburg, United States district attorney for the western department of Missouri, at the instigation of M. D. Purdy, assistant attorney general of the United States.

Judge Phillips set September 18 as the date upon which the companies are ordered to make their plea to the charge of contempt.

H. J. Anderson, president of the First National bank of Alamogordo, who was injured in the Rock Island wreck a few days ago at Columbus Junction, Iowa, is rapidly recovering and will be back home in the course of a few days. He is still in the hospital in Chicago.

J. F. Kuckie, of Kansas City, manager of the Harvey system, arrived in the city from the east last night, and spent the day here on official business.

Storekeeper I. J. Custer, of the Santa Fe at this point, left last night for a business trip to Topeka. He will return the first of next week.

C. P. Jones, live stock agent for the Santa Fe General railway, with headquarters at Santa Fe, will shortly remove his family to this city.

RICH STRIKE IN ORGAN MOUNTAINS

Parties in the city from Las Cruces report that the Modoc mine has again begun to make regular shipments of ore, says the El Paso Evening News.

Last week a rich strike was made while new development work was being pushed and some kidneys encountered that furnish ore which assays from ten to twenty per cent lead and from ten to twenty ounces in silver per ton.

The regular body of ore runs about 10 per cent lead and five ounces of silver.

It is stated that there is an immense body of ore of this character already in sight and the present outlook justifies the employment of a large force of men.

The management is planning to install a quantity of machinery this winter and other big improvements are contemplated.

The Modoc, as well as other properties in the Organ mountains, has frequently changed hands, and this to a certain extent has interfered with the proper development of the mines. There are vast deposits of lead in the Organ and also several good veins of silver ore. Owing to the nearness of the district to El Paso special interest is taken in the development of its mining industry, and besides a number of persons from this vicinity own claims in that section.

DR. HOOK WANTED BY THE COLORADO SPRINGS POLICE.

Dr. M. B. Hook is wanted by the police of Colorado Springs on a statutory charge, and was arrested in Denver recently. Hook is a married man, his wife living in Iowa, but for a long time he has been living with Miss Hattie De May, of Chicago, and introducing her as his wife. His lawful partner in life has heard of his actions and is now determined to make both the man and woman all the trouble possible. Miss De May is also under arrest at Denver on charges filed by the police of Colorado Springs. Dr. Hook practiced his profession in

Mora, Mora county, for several months last year, and many of the people there remember him and the young woman who was supposed to be his wife.

A Touching Story
Is the saving from death of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health. Serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured and is now in perfect health. Never fails to relieve and cure a cough or cold. At all dealers, 50c and \$1. Guaranteed. Trial bottle free."

NEW PUMPING PLANT AT AGRICULTURAL COLLEGE.

Prof. Fabian Garcia, horticulturist at the New Mexico College of Agriculture and Mechanic Arts at Mesilla park, last week completed the installing of the new pumping plant on the land recently purchased by his department just west of the college. The outfit consists of a Fairbanks-Morse twenty-two horse power gasoline engine and a six-inch Fairbanks-Morse centrifugal pump. In the experimental run it has proven to be satisfactory and will be used for irrigation and experimental gardening work.

PARENTS REFUSE AID TO INCORRIGIBLE SON.

Olin Nokes, the 14-year-old Roswell boy, accused of rifling the mails and forging endorsements on checks in order to get them cashed, will have his battle with the law to fight alone. His parents will do nothing for him, as they have already refused to attend to get him and have decided to let him await trial in the Chaves county jail.

Pennsylvania Prohibitionists Meet.

Williamsport, Pa., Aug. 23.—The state convention of the Prohibition party of Pennsylvania is in session here. Nearly 600 delegates are in attendance. After the temporary organization had been effected and the usual committees had been appointed, the convention took a recess until this afternoon. A full ticket will be nominated.

A little forethought may save you no end of trouble. ANY one who has a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by all dealers.

UTILITIES POWER DAM AT CARLSBAD BEING REPAIRED.

Work has been commenced on the repairs to the Public Utilities company's power dam at Carlsbad, Eddy county, and it is expected to soon have it in condition so that the city electric lights can again be resumed. The entire dam will be rebuilt and made three feet higher. Sluice boards will be used, raising the dam eighteen inches above the concrete, but so arranged by means of hinges that in time of floods they can be laid down flat and thus leave the channel entirely unobstructed. The earth work on the east bank will also be made four feet higher.

Colic and Diarrhoea—A Remedy That Is Prompt and Pleasant.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy, together with its pleasant taste, have won for it a place in many households. Mr. W. T. Taylor, merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for cholera and colic and it always gives relief promptly and pleasantly." For sale by all dealers.

EDDY COUNTY SCHOOLS IN GOOD CONDITION.

The annual report of the schools of Eddy county as prepared by County School Superintendent M. P. Kerr, shows that the schools are in excellent condition. The total enrollment for the year, including sixteen districts and the public schools of Carlsbad, was 1,241. The total receipts for the past year were \$25,898.06 and the expenditures were \$18,111.81, leaving a balance on hand with which to begin the coming school year of \$7,786.25. The enrollment was larger than that of a year ago by 122.
